### FINAL EFEE WORK PROGRAMME 2020

EFEE proposes its 2020 Work Programme in order to raise awareness and increase commitment and ownership on the European policy agenda in education, training and youth and its reforms at EU and Member State level. Furthermore we will work among others on the following key themes 'fostering inclusive and save (life long) learning environments for all', 'supporting teachers, staff and leaders of education and training institutions in a digital age', and 'promoting innovative and democratic organisational models in education by means of co-creation and social dialogue'.
