REPRESENTING EMPLOYERS IN THE EDUCATION SECTOR

Established in 2009, EFEE has been defending and promoting the interests of leaders in the highly diverse education sector ever since. Currently, we are proud to represent 54 members from 25 countries all across Europe.

EFEE is the only organisation to be officially accredited by the European Commission as a **social partner** representing employers in the Education sector. Together with our partners in the European Trade Union Committee for Education (ETUCE), we form the European Sectoral Social Dialogue Committee in Education (ESSDE). EFEE therefore plays a **key role in policy-making** at the European level and we are represented, together with our members, at a wide range of high-level conferences and events at which European social partners are invited.
